

# Song 1. Cold Snap

By John Jacobson and John Higgins

The north wind starts to blow now.  
Looks like it's gonna snow now.  
Your fingers will freeze, your lips and cheeks will chap!

The sky is turning grey now.  
The sun has gone away now,  
'Cause out of the blue, we're gettin' a cold snap!

It's a cold snap! Cold snap!  
We're gonna be ready for that cold snap! Cold snap!  
Grab your cap an' tighten the strap.  
Check the map, the weather on tap's a cold snap!

It starts with just a few flakes;  
Add wind until your house shakes.  
Your windows will rattle, and your shutters clap!

Your breath will freeze mid-air now.  
You'll slipslide ev'rywhere now.  
Right out of the north, look out, it's a cold snap!

It's a cold snap! Cold snap!  
We're gonna be ready for that cold snap! Cold snap!  
Grab your cap an' tighten the strap.  
Check the map, the weather on tap's a cold snap!

Grab your skates an' find your sled.  
Bring a 'board, we're gonna shred!  
Keep that warm hat on your head...

(Solo Grouch #1, spoken)  
I think I'M goin' back to BED!

Don't you love it, when it snows?  
See that snowman's funny nose?  
Snowball fights where anything goes!  
(Solo Grouch #2, spoken)  
Yeah, but I can't feel my TOES!

Skaters waltzing, sleigh bells ring.  
Let's all go tobogganing!  
Pure, white snow on ev'rything...  
(Solo Grouch #3, spoken)  
*Why can't we just CUT TO SPRING? Come on!*

Nothin' to do BUT TO BRING it on!

Cold snap! Cold snap!  
We're gonna be ready for that cold snap! Cold snap!  
Grab your cap an' tighten the strap.  
Check the map, the weather on tap's a cold snap!  
Cold snap! It's a cold snap!
